

Horizon 2020 Secure Societies European Info Day and  
Brokerage Event

**Brussels , 6th-7th March 2017**

**SYSTEL**

Nicolas BOTTERO

[n.bottero@systel-sa.com](mailto:n.bottero@systel-sa.com)

SYSTEL has headquarters in La Rochelle (France) and employs 120 employees. SYSTEL is an **IT system integrator**, leader in **fire**, **rescue**, and **security** systems

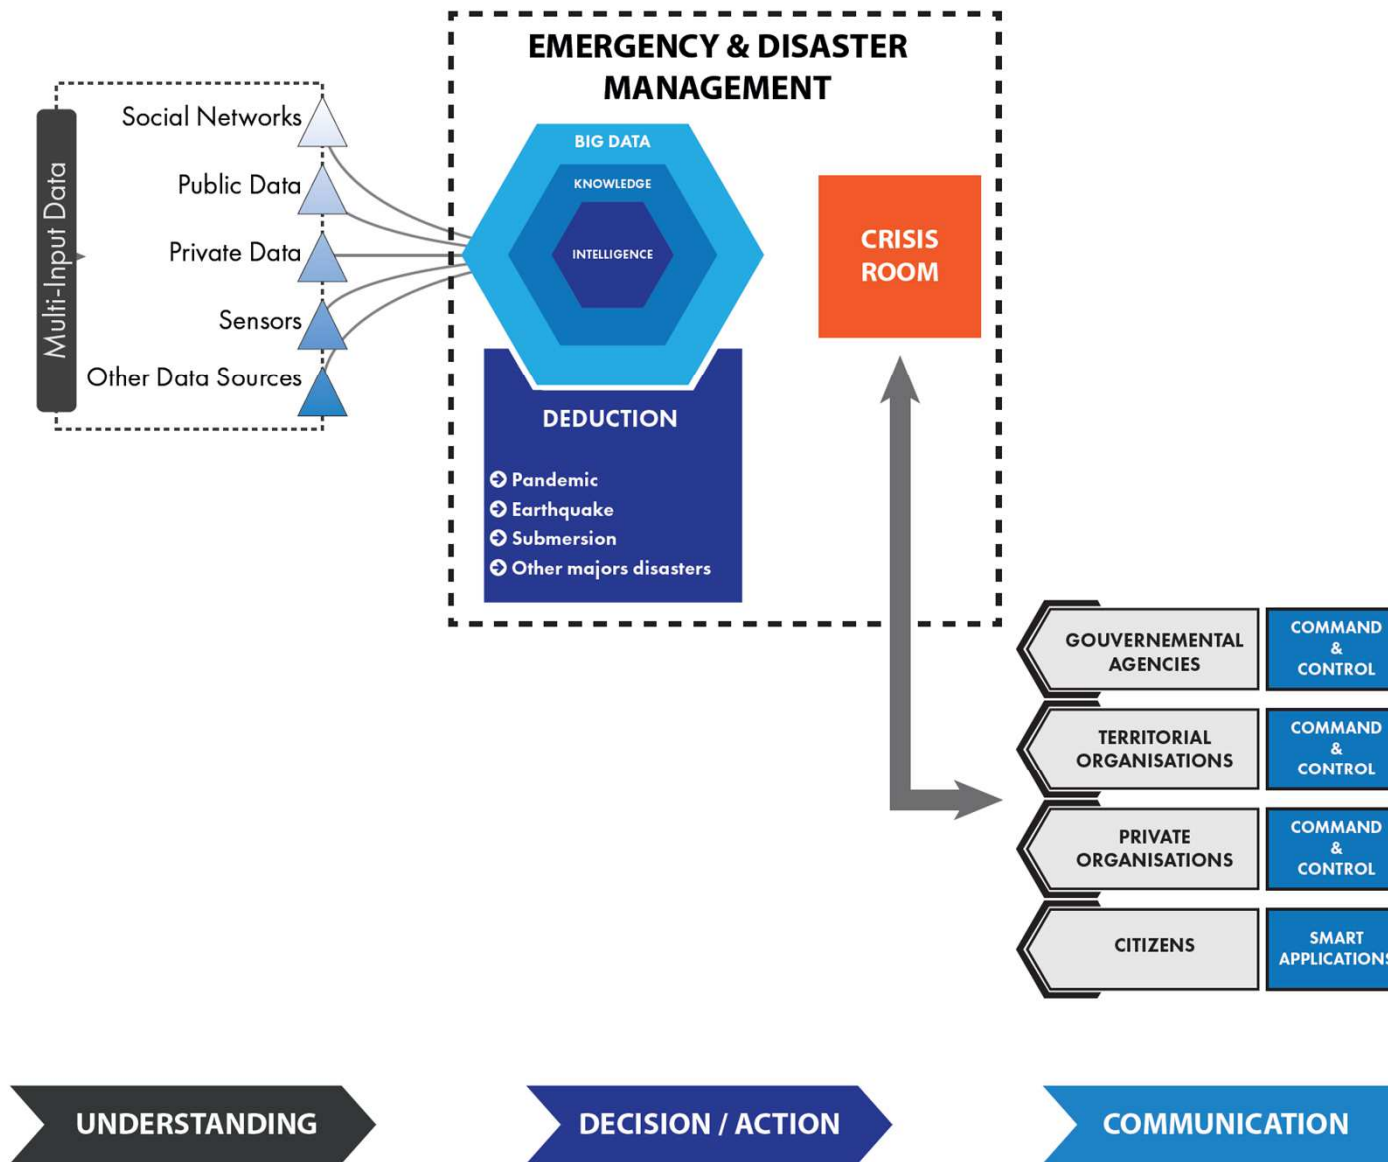

SYSTEL provides large scale information processing technologies of situational awareness, and **risk investigation and mitigation** in case of natural, industrial, or **terrorist disasters**.

With the L3i laboratory and the agglomeration of La Rochelle, Systel has developed a **detection and data analysis tool** prototype (TRL = 4) thanks to the *European Regional Development Fund*.

SYSTEL would like to enhance the prototype maturity to reach TRL 6 or 7,  
Targetted topics: **SEC-10-FCT** or **SEC-12-FCT-(other)**.
