

Gunnar Sandberg

Programme Director

Swedish Governmental Agency for Innovation Systems VINNOVA

Gunnar Sandberg has been working at VINNOVA and Swedish EU R&D Council since 2000 with mainly activities focusing on Life Science in European Programme. He was Head of Office at VINNOVA's Brussels Office from 2000 until September 2006. He has been chairman for the Informative Group of Liaisons Offices (IGLO) in Brussels and been participating in several EU projects as Work package leader and Coordinator.

Since 2010 he is Programme Director for Eureka/Eurostar at VINNOVA and chairman for the governance structure State Representative Group (SRG) for the Joint Technology Initiative Innovative Medicine Initiatives (IMI) in FP7. He has long experience in coaching SMEs in project planning and application for Eurostars. He has done his PhD at FU Berlin in Biochemistry at 1994 and after that spending 5 years as Postdoc and scientist at the Institute of Neurogenetics at Karolinska Institute.
